MAXI Smart Hybrid (with battery pack)

MAXI Smart Hybrid (with battery pack)

Battery Pack operated

- Back inlet, full height closed shroud
- Rimless bowl with no hidden surfaces
- Anti-splash geometry of the inner bowl
- Easy maintenance bracket with hinged arm to swing out the ceramic for easy access to parts and waste (the ceramic is retained to the wall/kept off the floor)
- Branded spreader with check valve and flow regulator
- Easy maintenance top fixed waste and grate cap for reinforced antisplash and blockage protection
- Urinal Installation Template & Seal for quick installation and with rubber seal to protect the ceramic against the wall as a water seal
- Smart Sensor - detects the urine concentration passing through the bowl, not human presence
- Hybrid mode: Upon detecting usage a single flush is activated every 30 mins, using just 0.85L water per flush
- Predictive maintenance - Visual alert with LED in spreader upon detection of blockage and slow flow, low battery or cartridge end of life
- A hygiene flush is actuated every 24 hours

In carton box

EN 13407

Note: depending on connection needs as waste outlet is Ø40 mm may need to use Waste connector/adapters:
E206667 - Waste connector/adaptor (in case the waste pipe is Ø50 mm)
E209267 - Waste connector/adaptor (in case the waste pipe is Ø40 mm)

Recommended equipment:

FINISHES*

* 01 = Euro White
